

WHICH KNOX PRODUCT DO I NEED?

Knox Residential Box™

Knox Residential Boxes are high-security key safes that are trusted and supported by your local fire department. They provide first responders access to your home in emergencies when people inside are unable to open the door or are not in the house.

KNOX GATE & KEY SWITCH™

Knox Gate and Key Switch: This allows first responders to gain immediate access through electric gates in residential communities, parking garages, and industrial gate areas.

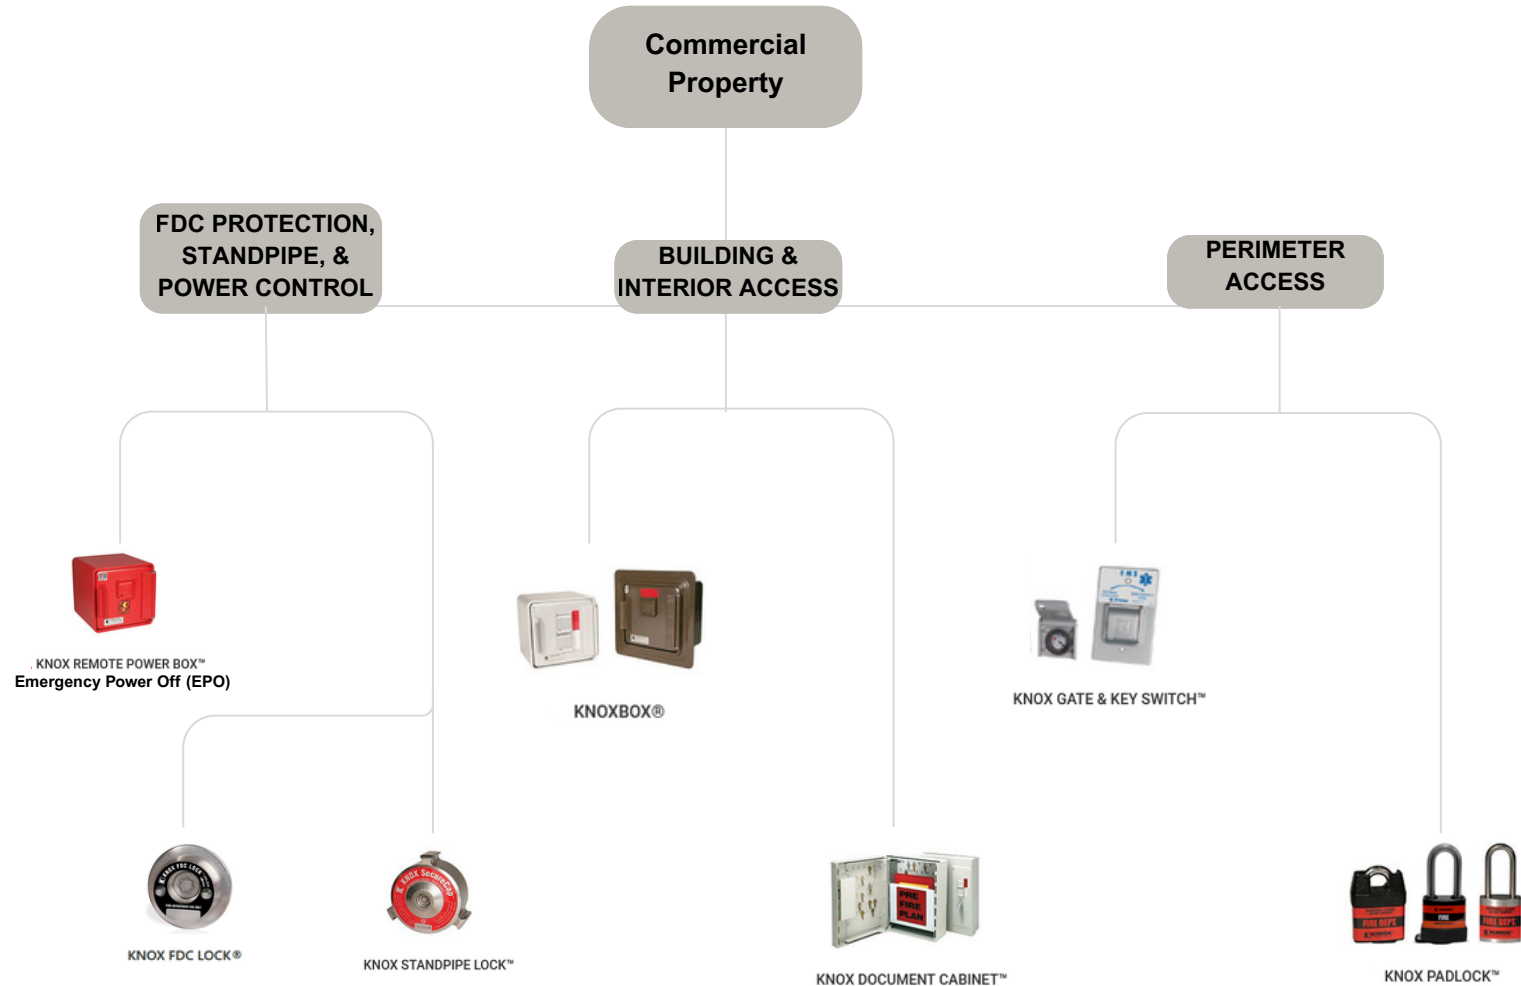

Knox HomeBox™

The Knox HomeBox™ is a single-key lockbox intended for homeowners. It allows fire or EMS personnel to access your home in emergencies

WHICH KNOX PRODUCT DO I NEED?
